

## Coarse granulated anti slip additive

### Description

Avista Slip Reducing Crushed Glass is supplied in clear glass form.

### Uses

Avista Slip Reducing Crushed Glass is a coarse granulated product formulated to supply a greater grip to concrete floors, driveways, paths etc.

### Application instructions

Apply a coat of Avista Sealer over an area of about 2-5m<sup>2</sup>. While sealer is still wet, broadcast by hand sufficient Anti Slip in an upward motion to supply the slip resistance needed. It is important to apply crushed glass evenly, or the physical appearance can be altered slightly. When all of the designated surface is covered with crushed glass, apply a second coat of sealer over the whole area.

### Limitations

- High levels of slip reducing crushed glass may detract from the appearance, and lower gloss levels.
- High levels of slip reducing crushed glass can make cleaning more difficult.

## Properties

Chemical Nature:	Inorganic
Solubility in Water:	Insoluble
Solubility in Common Organic Solvents:	Insoluble
Sieve:	approximate particle size 0.45 - 0.68 mm

## Supply

178015	AVS SLIP RES ADDITIVE CRUSHED GLASS 5KG
--------	--

## Coverage

100 - 150 m<sup>2</sup> per 5 kg, dependent on degree of grip required.

## **Important notice**

A Safety Data Sheet (SDS) and Technical Data Sheet (TDS) are available from the Parchem website or upon request from the nearest Parchem sales office. Read the SDS and TDS carefully prior to use as application or performance data may change from time to time. In emergency, contact any Poisons Information Centre (phone 13 11 26 within Australia) or a doctor for advice.

## **Product disclaimer**

This Technical Data Sheet (TDS) summarises our best knowledge of the product, including how to use and apply the product based on the information available at the time. You should read this TDS carefully and consider the information in the context of how the product will be used, including in conjunction with any other product and the type of surfaces to, and the manner in which, the product will be applied. Our responsibility for products sold is subject to our standard terms and conditions of sale. Parchem does not accept any liability either directly or indirectly for any losses suffered in connection with the use or application of the product whether or not in accordance with any advice, specification, recommendation or information given by it.
